Speaker Highlights

We are excited to have a fantastic lineup of speakers who will not only share their experience, but also provide inspiration.

Jason Gary, Tesla

Jason Gary is Tesla's Gallery Manager for Fort Worth and Plano, and he has created an amazing impact in the mission to transition the world to sustainable transportation. Jason has over 15 years of experience in marketing and sales and is known for being a leader who has delivered significant marketing project initiatives both strategic and tactical in nature.

Mark Lewis, ESI

Mark Lewis is a registered Professional Engineer (P.E.) with a Master's Degree in Mechanical Engineering and more than 10 years of experience in industrial manufacturing. He specializes in aviation litigation, consumer product defects, and mechanical failure analysis. He is accomplished in applying mathematical analysis and computer modeling to both commercial and litigation projects. Mark is experienced in both courtroom and deposition testimony in a variety of cases, including aviation accidents, patent infringement, and consumer products.

Michael Koscielny, CPCU Society

Michael Koscielny is director of underwriting at Florida Peninsula Insurance Company. He has more than 37 years of experience in the insurance industry, in roles including Assistant Vice President, property-casualty underwriting, at American Modern Insurance Group/MunichRe America and regional director of underwriting at the Auto Club Group. Koscielny currently serves as President & Chair of the CPCU Society Leadership Council and as Vice President of the Underwriting Executives Council. He holds the CPCU, CIC, ARe, AIC, API, and AINS designations.

Christopher Avery, Thompson-Coe

Christopher Avery is a veteran insurance practitioner with deep experience in both complex coverage and bad-faith cases. Chris's complex coverage practice involves representing carriers in a variety of unique situations including those involving commercial equipment, oilfield personal injuries, construction defects, and contractual indemnity claims. He takes a hands-on approach to the investigation and has personally inspected a variety of unique properties, machines, and commercial equipment. He has successfully defended insurers in cases ranging from minor roof claims to multi-million dollar commercial property and equipment claims.

Christopher Cuellar, Rimkus Consulting

Chris Cuellar is the Lead Animator of the Visual Media and Technology Group at Rimkus. He has experience in creating forensic animations and graphics for events such as: vehicle accident reconstruction, personal injury, fire, weather, equipment failure, construction, and refinery accidents. He has also videotaped or photographed live events, tests, and site inspections. Chris has experience in laser scanning large outdoor areas, interior of buildings, vehicles, and machinery.
